

## Career Opportunities

Our commitment to quality and customer service has made Communications Group a leading supplier of wireless solutions for two-way radio, wireless data, cellular services and radio rentals.

With an excellent work environment, competitive remuneration, comprehensive benefits and an RRSP-matching program, Communications Group Red Deer is an employer of choice!

### *Positions Currently Available:*

#### INSTALLATION TECH

Primary duties include the installation of mobile radio equipment in commercial and emergency vehicles at our shop in Red Deer and at customer sites. Successful applicants should possess:

- competency with power and hand tools
- electrical/electronics aptitude
- proven mechanical ability
- an average (or better) level of physical fitness

Preference will be given to applicants with a background in electronics installation and/or motor vehicle repair.

#### RADIO SYSTEMS INSTALLER

Primary duties include installation, setup, and maintenance of radio communications systems including tower work and repair of telecom equipment based out of our Red Deer location. Successful applicants should possess:

- experience with tower construction and maintenance
- electrical/electronics aptitude
- proven mechanical ability
- an average (or better) level of physical fitness

Preference will be given to applicants with a background in cable installation, electrical hookups, and/or tower work.

#### RADIO COMMUNICATIONS TECHNICIANS

Primary duties include bench repair of radio communications equipment, installation and setup of new radio systems and towers, as well as field installation and repair of telecom equipment based out of our Red Deer location.

Successful applicants should possess:

- certification as an electronics technician
- proven mechanical ability
- an average (or better) level of physical fitness

Preference will be given to applicants with previous tower climbing experience.

#### SERVICE COORDINATORS

Primary duties include booking appointments for in-vehicle installations and repair of radios and cellular devices at our Red Deer location. Successful applicants should possess:

- customer service focus
- ability to be successful in a fast-paced environment
- effective communication skills
- high proficiency in MS Office applications

Preference will be given to candidates with experience in automotive or electronics service writing.
